

HE IS

Father, let the world just fade away
Let me feel Your presence in this place
Lord, I've never been so weary
How I need to know You're near me
Father, let the world just fade away

'Til I'm on my knees
'Til my heart can sing

He is
He was
He always will be

He lives
He loves
He's always with me

Even when it feels like
there is no one holding me
Be still, my soul
He is

Father, let Your Holy Spirit sing
Let it calm the storm inside of me

As I stand amazed
Lift my hands and say

He is
He was
He always will be

He lives
He loves
He's always with me

Even when it feels like
there is no one holding me
Be still, my soul

Through every fear
And every doubt
And every tear I shed

Down every road
I'm not alone
No matter where I am

He is
He was
He always will be

He lives
He loves
He's always with me

Even when it feels like there is no one holding me
Be still, my soul

Be still, and know
Be still, my soul
He is
